HEPATITIS B CAN BE TREATED

INSERT TEAM PHOTO
DID YOU KNOW?

HEPATITIS B can hide in your liver for many years.

If you are given medicines that weaken the immune system the virus can flare.

Talk to your provider about hepatitis B therapy.
DID YOU KNOW?

HEPATITIS A is transmitted through food and water.

WASH YOUR HANDS after using the toilet.

Wash your veggies and fruits thoroughly!

VACCINATION CAN PREVENT HEPATITIS A
